Fundarskýrlsa

Attendance: Daníela, Hreimur, Jón, Kormákur, Tumi og Yeabsira

Date:26.11.2024

Time: 11:00

- o Status
    - o We have reworked the majority of the reuirement list based on previous mistakes. The user group analysis is finished.
    - o The class diagram is in good spot and the git handbook is in a good place
- o Jobs
    - o Hreimur is going to finish the git handbook and continue working on the class diagram along with tumi
    - o Tumi is going to be working on the class diagram
    - o Daníela, Jón, and yeabsira are going to try to finish the use cases or at least the majority of them.
    - o Kormákur is going to fix the requirement list and and when finished work on use cases along with the others
- o Goals for the day
    - o We are going to finish the git handbook and requirement list (#1 priority)
    - o We aim to finish at least half of the use cases (#2 priorty)
    - o We will go a long way with the class diagram and all understand it (#3 priority
